NUA / CREW

AUSTRALIAN HOSPITALITY ROLES & PAY GRADES

Complete position hierarchy • Award classifications • Minimum wage reference • Integration brief

287 Hospitality roles	**14** Employment departments
4 Primary modern awards	**2026–27** Australian pay-rate edition

Edition 29 October 2026 | Adult minimum rates from first full pay period starting on or after 1 July 2026

IMPORTANT Job titles and hierarchy tiers are a curated NUA Crew taxonomy, not official Fair Work classifications. A role title cannot by itself determine an award, pay grade or legally compliant wage.

01 / Purpose and interpretation

This reference is structured so Claude Code can build or verify a searchable hospitality occupation catalogue and an award-aware salary validation flow for NUA Crew. It is also a readable reference for employers and workers.

The 287 occupation entries are drawn from the accompanying Excel master list. Each entry includes a stable role ID, department, hierarchy tier (1 = highest), a position name or alias, an indicative classification and a possible award scope. They are not 287 official award classifications.

How to interpret the directory

Hierarchy tier — Ranks positions for browsing and career progression. It is not a legally fixed pay band.

Indicative classification — May be a single level, range, apprenticeship or management review flag; assessment of duties is required.

Typical award scope — A lead for an employer coverage check, NOT the final industrial instrument.

Stable role ID — HC-0001 through HC-0287; preserve IDs across seed imports or version-controlled migrations.

Primary awards by business environment

Business environment	Award-selection starting point
Dine-in restaurant, café, bistro, fine-dining	Restaurant Industry Award (MA000119) commonly applies
Takeaway-focused café, quick-service outlet or food court	Fast Food Industry Award (MA000003) may apply
Hotel, resort and some hospitality/catering operations	Hospitality Industry (General) Award (MA000009) commonly applies
Independent function/wedding venue or banquet business	Evaluate Restaurant or Hospitality Award against legal coverage and activities
Registered clubs, RSLs and licensed recreational clubs	Registered and Licensed Clubs Award (MA000058) commonly applies
Security, specialist trades, cleaners, office professionals	Different occupational award, agreement or award-free status may be relevant

IMPORTANT Check any applicable enterprise agreement first. Award coverage depends on the employer, industry and actual work; a venue label such as “five-star” has no unique award or automatic premium grade.

02 / Restaurant and Hospitality awards — adult ordinary rates

Official minimum rates effective from the first full pay period starting on or after 1 July 2026. The published base rates currently align numerically for the levels below under MA000119 and MA000009; classification definitions and other conditions differ.

Award level	Permanent / week	Permanent / hour	Casual ordinary / hour	52-week base*
Introductory	$978.10	$25.74	$32.18	$50,861
Level 1	$1,004.90	$26.44	$33.05	$52,255
Level 2	$1,029.10	$27.08	$33.85	$53,513
Level 3	$1,062.90	$27.97	$34.96	$55,271
Level 4	$1,119.10	$29.45	$36.81	$58,193
Level 5	$1,189.40	$31.30	$39.13	$61,849
Level 6	$1,221.10	$32.13	$40.16	$63,497

*The 52-week figure is a simple 52 × weekly award rate reference, not a guaranteed salary, salary survey, package or annualised wage arrangement. It excludes penalties, overtime, allowances, leave loading and superannuation.

Common classification-to-function examples

Award workstream / classification	Level	Indicative duties
Food & Beverage attendant grade 1	L1	Basic food and beverage duties
Food & Beverage attendant grade 2	L2	General waiting and beverage service
Food & Beverage attendant grade 3	L3	Appropriately trained more skilled duties
Food & Beverage attendant grade 4	L4	Specialised skilled duties in fine dining / restaurant
Food & Beverage supervisor	L5	Training, supervision and coordination responsibilities
Kitchen attendant grade 1 / 2 / 3	L1 / L2 / L3	Skills and scope increase by award definition
Cook grade 1 / 2	L2 / L3	Cooking classifications not automatically based on job title
Cook (tradesperson) grade 3	L4	Qualified cooking trade / commis as relevant to duties
Cook (tradesperson) grade 4	L5	Skilled cook / demi-chef examples
Cook (tradesperson) grade 5	L6	Chef de Partie work / cook grade 5 classification

IMPORTANT Some award streams are not identical across Restaurant and Hospitality awards; do not treat this shared-rate table as a licence to reuse another award's occupational classification schedule. Introductory rates are time-limited and should not be assigned indefinitely.

03 / Fast Food Industry Award — MA000003

A fast-food venue may have higher minimum starting ordinary rates than a traditional restaurant. Determine coverage by the business model and award definitions, not whether coffee or meals are served.

Fast-food classification	Permanent / week	Permanent / hour	Casual ordinary / hour	52-week base*
Fast Food Employee level 1	$1,056.80	$27.81	$34.76	$54,954
Fast Food Employee level 2	$1,119.10	$29.45	$36.81	$58,193
Fast Food Employee level 3—in charge of ≤1	$1,136.40	$29.91	$37.39	$59,093
Fast Food Employee level 3—in charge of ≥2	$1,150.40	$30.27	$37.84	$59,821

Level 1 covers ordinary fast-food sales, meal preparation and customer service. Level 2 generally involves supervision/training or required trade skills. Level 3 classifications distinguish being in charge of one or no person versus two or more people. Special Sunday rates apply by fast-food grade.

Registered and Licensed Clubs Award — MA000058

Club operative Levels 1–6 align numerically with the standard hourly and weekly values in Section 02; club classification duties and penalty provisions differ. Management levels have their own published minimum annual amounts.

Club level	Manager / grade	Base hourly	Award annual manager minimum
Level 6 - Manager	Club manager if gross annual revenue < $500k	$32.13	$63,672
Level 7	Manager Level A	$32.94	$65,278
Level 8	Manager Level B	$34.34	$68,041
Level 9	Manager Level C	$34.80	$68,948
Level 10	Manager Level D	$36.08	$71,488
Level 11	Manager Level E	$37.39	$74,090
Level 12	Manager Level F	$39.76	$78,777
Level 13	Manager Level G	$40.53	$80,316

Club management annual amounts are published separately in the award; they are not simply the listed weekly base multiplied by 52. Eligibility and specific managerial coverage must be established. The 52-week ordinary wage reference in other tables is not a substitute for these minimum annual manager amounts.

04 / Penalty rates, overtime and special cases

Common adult permanent and casual ordinary-hour penalty multipliers (of the award base hourly rate) are shown below. These do not replace the specific award clauses, exceptions, overtime, shift penalties, allowances and public-holiday substitution rules.

Award	Employment / level	Weekday	Saturday	Sunday	Public hol.
Restaurant	Permanent	100%	125%	150%	225%
Restaurant	Casual Intro–L2	125%	150%	150%	250%
Restaurant	Casual L3–L6	125%	150%	175%	250%
Hospitality General	Permanent	100%	125%	150%	225%
Hospitality General	Casual	125%	150%	175%	250%
Fast Food	Permanent L1	100%	125%	125%	225%
Fast Food	Permanent L2–3	100%	125%	150%	225%
Fast Food	Casual L1	125%	150%	150%	250%
Fast Food	Casual L2–3	125%	150%	175%	250%

Example: adult Level 2 on a Sunday

Scenario	Basis	Indicative rate
Restaurant Award — casual, Sunday	150% × $27.08	$40.62/hour
Hospitality General — casual, Sunday	175% × $27.08	$47.39/hour

This illustrates why the same job title, base hourly figure and weekday rate can produce different Sunday rates when the applicable award changes.

Other cases the wage engine must explicitly assess

Juniors: Different age-based percentages and alcohol service exceptions; do not apply adult wages or generic percentages indiscriminately.

Apprentices and trainees: Year, stage, competency progression, adult apprentice status, qualification and award schedules may change rates.

Introductory level: Restricted to an eligible entry/training period, with the award's progression rules.

Shift work, late nights and overtime: Check day, time, ordinary-hour limits, roster, breaks, cumulative overtime and specific award clauses.

Allowances and leave: Split shift, meal, tool, uniform/laundry, travel, accommodation, leave loading and other circumstances.

Annualised salary / manager: Separate legal coverage, minimum salary, offset/absorption terms, hours and record-keeping requirements.

Superannuation: 12% of qualifying earnings under Payday Super from 1 July 2026; payment timing follows ATO rules.

IMPORTANT Never treat these penalty multipliers as a complete compliant payroll calculator. Keep sources, effective dates, rounding rules and manual-review flags with every pay estimate.

05 / Complete hospitality role directory — 287 positions

Every role below is carried across from the master Excel list with a stable HC identifier and hierarchy tier. The “Indicative award grade” is a search aid for later award-classification validation, not a legal determination. No market salary was inferred for management titles.

Scope key

Key	Potential instrument
R/H/O	Restaurant MA000119, Hospitality MA000009 or another relevant instrument — review
R/F	Restaurant MA000119 or Fast Food MA000003 — select by venue coverage
H	Hospitality General MA000009 — confirm employer/employee coverage
C	Registered and Licensed Clubs MA000058 — confirm venue/position coverage

Hierarchy guide: tier 1 = owner/executive; 2 = group director; 3 = general manager/director; 4 = department manager; 5 = supervisor/section head; 6 = senior specialist; 7 = operational staff; 8–9 = support and entry positions. Actual role tiers are sourced individually from the Excel catalogue.

06 / Claude Code — NUA Crew implementation guide

This section is a build specification, not a request to deploy. Preserve existing NUA Crew architecture, access controls and review procedures. Validate all changes with tests before any PR/merge/release decision.

A. Build a single source of truth

1. Import all 287 catalogue records (HC-0001 ... HC-0287) as seed data with persistent IDs, canonical titles, aliases, 14 department identifiers, hierarchy tier and source metadata.

2. Normalise departments, venue segments and job titles into searchable taxonomies. Store aliases separately so “Head Chef / Chef de Cuisine” and “Kitchen Porter / Dishwasher” can be found without duplicate jobs.

3. Keep `role` separate from `award`, `classification`, `pay_rate`, `enterprise_agreement` and `employment_type`. A job can have several plausible award/classification candidates before verification.

4. Version pay tables by award code, classification, pay period effective date and source URL. Do not overwrite historical pay-rate records; audit all changes.

5. Provide a “Review required” state when a role is managerial, award-free, subject to another occupational award, or duties/qualifications are unknown.

B. Employer vacancy creation flow

1. Employer chooses venue segment and confirms their employer/entity, location and any enterprise agreement.

2. Employer selects department, role, responsibilities, qualifications, required certifications (e.g., RSA when applicable), employment type and expected shift times.

3. Award matcher narrows eligible awards and proposes candidate classification(s) using actual duties, training and responsibilities.

4. Wage estimator validates the offered pay against the selected current classification, age/training status, expected day/time patterns and applicable extras.

5. Show plain-English explanation: applied award, classification, effective date, calculation assumptions, unresolved items and links to official sources.

6. Block publication of a job advertising a confirmed below-minimum rate; for uncertain coverage/classification, request explicit manual review rather than pretending to certify compliance.

C. Suggested data model

Entity	Minimum fields
Role	id, department_id, canonical_title, aliases[], tier, venue_segments[], candidate_instruments[], review_state
Instrument	award_code, name, instrument_type (award/agreement/award-free), jurisdiction, version
Classification	instrument_id, class_code, stream, grade, definition, qualification_rule, eligibility_rule
Wage rate	classification_id, effective_from, effective_to, employee_type, rate_kind, amount_AUD, source_url
Penalty / allowance	instrument_id, rule_id, day_band, time_band, grade_filter, employment_type, multiplier_or_amount, source_version
Job pay assessment	job_id, instrument_id, classification_id, observed_duties, offered_rate, flags[], assessed_at, reviewer

D. Acceptance tests

1. Seed count = 287; unique, immutable HC IDs; all 14 departments searchable; all values from attached workbook available.

2. Adult Restaurant and Hospitality Level 1–6 base and casual ordinary rates match the applicable July 2026 award tables; intro level is time-bound.

3. Adult Level 2 casual Sunday returns $40.62 for Restaurant Award and $47.39 for Hospitality General under the relevant ordinary-hours assumptions.

4. Fast Food Level 1 ordinary permanent rate = $27.81 and casual ordinary rate = $34.76; Level 3 has distinct supervision branches.

5. Licensed Clubs Manager A (Level 7) annual award minimum = $65,278, and not the raw weekly × 52 calculation.

6. Role “Restaurant Manager” triggers duties/coverage review, not an automatic Level 6 wage or award-free status.

7. Junior, apprentice, alcohol-handling, overtime, public holiday, allowances and enterprise agreement cases cannot silently use generic adult weekdays.

8. No cross-employer or cross-tenant role/job/payroll record exposure; preserve tenant isolation and audit trails.

9. Changes to the award pay data create a versioned update with source URL, review/approval and regression tests.

IMPORTANT This document is intended as a researched reference and implementation specification. It does not authorise silent overwriting of production rates, publishing under a guessed award, or deployment without standard verification.

When refreshing the dataset

- Check for award amendments and annual wage-review changes; record publication date and pay-period effective date.
- Reconcile each grade/rate and penalty exception directly against the official pay guide or applicable award clause.
- Run tests on current and historical rate snapshots and present the employer with an effective-date disclosure.
- Do not extrapolate one award's percentages, classifications or wage tables into another instrument.
- When rules are disputed or ambiguous, stop automated assurance and obtain Fair Work or specialist employment advice.

IMPORTANT Amounts are gross Australian dollars and represent minimum entitlements, not prevailing market rates. This edition is as at 29 October 2026 and should be refreshed before operational use or another annual wage-review period.
